

# MacuHealth PLUS+

Age-related macular degeneration (AMD) is a leading cause of blindness in Canada. Quick and targeted treatment is the key to managing AMD's symptoms.

## THE DOCTOR-RECOMMENDED TREATMENT FOR AMD

MacuHealth Plus+ is the leading supplement for those diagnosed with AMD. Scientifically formulated with powerful antioxidants, MacuHealth's patented Triple Carotenoid Formula features all three essential carotenoids, clinically proven to reduce AMD progression and protect your eyes from free radicals.

## THE AREDS2\* FORMULA

Based on the AREDS2\* study, MacuHealth Plus+ is formulated by eye health experts for patients already diagnosed with age-related macular degeneration (AMD).

MacuHealth Plus+ sets itself apart from other AREDS2 formulas in these ways:

### 1 Fortified with 10 mg of Meso-Zeaxanthin

Clinical studies show that Meso-Zeaxanthin offers superior eye protection and effectively manages AMD symptoms.

### 2 Lower, Safer Level of Zinc

MacuHealth Plus+ contains 25 mg of zinc, which is under the National Institutes of Health's daily tolerable limit of 40 mg and consistent with providing patients the maximum benefit in reducing the progression of AMD.

## ZINC

It is suggested that both zinc and antioxidants delay the progression of AMD, vision loss and prevent cellular damage in the retina.

### DAILY TOLERABLE UPPER INTAKE LEVELS FOR ZINC\*\*

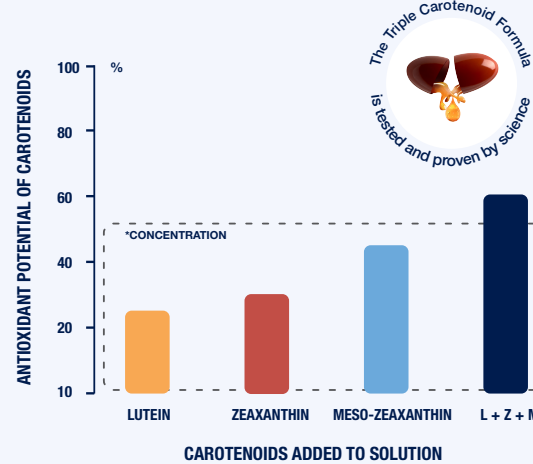

AGE	MALE	FEMALE	PREGNANT	LACTATING
19+ years	40 mg	40 mg	40 mg	40 mg

MacuHealth Plus+ stays under recommended guidelines with 25 mg of zinc in each serving.

## CLINICALLY PROVEN AND DOCTOR RECOMMENDED

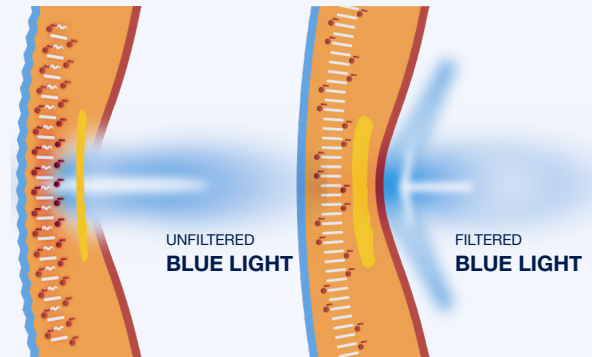

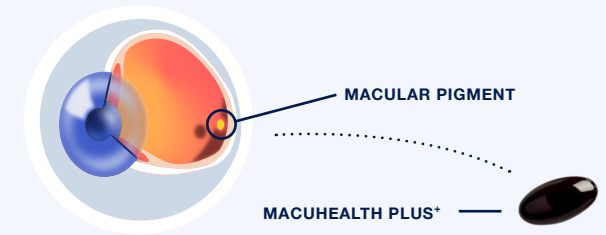

MacuHealth's Triple Carotenoid Formula contains a patented 10:10:2 mg ratio of Lutein, Meso-Zeaxanthin and Zeaxanthin.

Clinical studies show that supplementing with Meso-Zeaxanthin, an essential carotenoid, provides far superior results than taking supplements with Lutein and Zeaxanthin alone.†
