

**VitreousHealth** is a safe and **scientifically proven** formula that manages and treats floaters.

Clearer vision is in **sight**.

**IN A RECENT STUDY, 67% OF PATIENTS RECOGNIZED IMPROVEMENTS IN THEIR SYMPTOMS WITHIN 6 MONTHS.**

- ✓ 46% decrease in visual discomfort from floaters
- ✓ 47% improvement in daily visual experience
- ✓ 9% improvement in contrast sensitivity

Read how **VitreousHealth** is making a difference in floater sufferers from eye care professionals:

“ I have been taking one [**VitreousHealth supplement**] a day as recommended and feel my floaters have certainly diminished... Now that I have experienced the improvement for myself and trust that it works, I've been recommending it more often to many of my patients dealing with the vision issues vitreal change brings.

- **Dr. James DeVleming, Optometrist,**  
**Pullman Vision Source**
